PRESIDENT'S MESSAGE

I am honoured to have this opportunity to contribute as the President of our esteemed Association. It gives me immense pleasure to extend my warmest greetings and gratitude to all of you for your blessings, love and wishes.

Our Association is committed to advancing the field of Orthopaedics through education, research, training, and collaboration. We are a community of professionals who are dedicated to improving the lives of our patients and pushing the boundaries of science and medicine.

The theme for this year is

Academic Excellence @ Research & Training

My vision is MEMBERS FIRST, as members of our Association, you are at the forefront of this mission. Your expertise, experience, and commitment to excellence are what drive our organization forward, and it is a privilege to serve as your President.

Through our website, we hope to provide you with access to the latest news, events, and resources related to Orthopaedics. We also encourage you to take advantage of our many networking opportunities and to participate in the various programs and initiatives that we offer.

As we look to the future, I am confident that our Association will continue to thrive and make significant contributions to the field of Orthopaedics. Together, we can achieve great things and make a real difference in the lives of our patients.

Thank you for your continued support and commitment to our Association. I look forward to working with you all in the years ahead.

DR. ANUP AGRAWAL
PRESIDENT UPOA
LUCKNOW

SECRETARY'S MESSAGE

Greetings from Lucknow. I will start by thanking the UPOA family for bestowing upon me the honour to serve as the secretary of UPOA. I will do my level best to serve UPOA with all truthfulness and dedication.

An academic association is judged by the quality of its scientific calendar. I would request all district orthopaedic clubs/societies to conduct symposia & workshops. Kindly conduct these events under the aegis of UPOA. This will enable greater participation as well as add points for UPOA as we compete for the coveted prize of best chapter of IOA. The executive of the UPOA will assist in whatever way possible and ensure that it is attended by one of the office bearers.

The rapidly growing internet highway has drastically transformed the learning mediums. One can easily find out whatever he needs to know, by simply browsing the internet, emailing or skyping someone. But that can never replace the full meaning of the philosophy to be enlightened. For that, meaningful discussion and face to face encounters are necessary. This can only be facilitated by academic associations like the UP Orthopaedic Association, who organise frequent scientific events for the benefit of their members.

The official programs of the UPOA shall be designed for interacting with the experts from every subspeciality. The aim will be to share and enhance knowledge on the latest international research and developments in the field of orthopaedic and for interaction among peers.

Through the dedicated commitment of our colleagues of the UPOA, our mission remains "to serve the profession, champion the interests of our patients, and advance the highest quality of musculoskeletal care." I hope that each of you will embrace this mission and become involved in your association. Support its programs; volunteer to serve on a committee; participate in initiatives that are important to you and to your patients. Only by becoming so engaged will you realize the full value of your membership.

Let us embark on this fruitful journey together, shoulder to shoulder, to share a common ideal and embrace a common goal..... to make UPOA the shining star of IOA.

Your vision will become clear only when you look into your heart. He who looks outside, dreams. He who looks inside, awakens."

Jai Hind

Dr Santosh Singh suggested an increase in the number of Fellowships in the teaching group after seeing the response in this group and Dr. Atul Srivastava supported these suggestions. Finally, it is decided five fellowships will be included in the teaching group (International and National Fellowship), and guidelines to be filled by the fellowship committee. May we need interview of members for those fellowships during MTS.

Dr. Atul Srivastava suggested we should tie up with reputed hospitals as we can the name of Ganga Hospital Fellowship, Dr. Anup Agrawal suggested not call these, fellowships by the name of the hospital. It should be mentioned as a Yuva mentor fellowship and he can be allowed to go to any reputed center according to his choice and we will provide 20000 to each candidate. If there is any problem with the budget we can take it from the corpse.

Dr. Jamal Ashraf informed the house that he will give separate money from the savings of IOACON to be used for the International Fellowship (but it should not be divided into teaching and non-teaching groups) and he should also give separate money for UPOA Building.

Dr. Sanjay Dhawan suggested that fellowship complication certificates be presented to those individuals only who attended the MTS physically, not to the others and their presence should be confirmed before MTS whether they will be available or not.
