UPOA President's Message

It is a profound honour for me to assume the responsibility of serving as the President of the Uttar Pradesh Orthopaedic Association. I extend my sincere gratitude to our respected seniors, past presidents, executive members, and colleagues for their trust and support. This association has been built through decades of dedication, academic excellence, and professional integrity, and it is a privilege to carry this legacy forward.

My vision for our association is guided by the principles of truth, transparency, and collective progress. An institution grows stronger when its functioning is fair, accountable, and transparent. I am committed to ensuring that the association continues to function with clarity, openness, and respect for every member. The dignity and credibility of our professional body must always remain our highest priority.

Academic growth will remain the cornerstone of our mission. Orthopaedics is an ever-evolving field, and it is our responsibility to keep ourselves updated with the latest advancements in knowledge and surgical skills. Through academic conferences, workshops, skill development programs, and collaborative learning platforms, we will continue to strengthen the scientific foundation of our association.

A key focus of my tenure will be the empowerment and mentorship of young orthopaedic surgeons. They are the future of our specialty, and their energy, innovation, and dedication must be encouraged and guided. By providing them opportunities for academic exposure, leadership participation, and professional development, we will help shape a stronger and more progressive orthopaedic community.

Equally important is the spirit of unity, mutual respect, and collaboration within our fraternity. With the wisdom of our seniors and the enthusiasm of our younger colleagues, we can collectively elevate the standards of orthopaedic practice and education across our state. **My Presidential Theme is EVERY BONE COUNTS – ORTHOPAEDIC EXCELLENCE ACROSS U.P.**

Let us work together with commitment and integrity to take the Uttar Pradesh Orthopaedic Association to greater heights.

Dr. Santosh Singh

President, Uttar Pradesh Orthopaedic Association (UPOA)

UPOA Secretary's Message

Dear Friends,

As the Secretary of the Uttar Pradesh Orthopaedic Association (UPOA), I am committed to promoting bone and joint health for all.

Orthopaedic issues, such as arthritis, fractures, and spinal problems, can significantly impact daily life, but with the right care and awareness, we can prevent and manage them effectively.

Our association is dedicated to spreading awareness about bone health, encouraging early diagnosis, and providing the best treatment options. I urge you to prioritize a healthy lifestyle, regular exercise, and timely medical consultation to keep your bones and joints strong.

Together, let's build a healthier future with better mobility and a pain-free life. Stay active, stay healthy!

Dr. Amit Jaiswal

Dr. Ashutosh Agarwal

Vice President-

Dr. Amit Mishra

Dr. Vipul Agarwal

Executive Member-

Dr. Vinod Pagrani

Dr. Harish Kumar

Dr. Ravi Singh Khanka

During the election process, it was noted that Dr. Vinod Pagrani was holding the post of IOA Representative and had also applied for the post of Member Executive, UPOA.

He was requested in the General Body Meeting to withdraw from one of the two posts so that an opportunity could be provided to another member. Respecting the sentiment of the General Body, Dr. Vinod Pagrani voluntarily withdrew his candidature from the post of Member Executive of UPOA.

Thereafter, the General Body invited names from the floor for the post of Member Executive. The following names were proposed:

- Dr. Arun Kapoor, Agra
- Dr. Manoj Hirani, Bareilly
- Dr. Sanjiv Kumar, Lucknow

After due discussion and consideration of all the proposed names, the General Body selected Dr. Arun Kapoor for the post of Member Executive, UPOA.

Accordingly, Dr. Arun Kapoor was declared elected as Member Executive, UPOA.

7. **Treasurer Report** – The Treasurer Report was presented by Dr. Amrit Goyal and approved by a voice vote (Enclosure-I).

The Executive Committee recommended that the accounts of the UPOA office be maintained using Tally software and GB approved.

The email received from CA Naman Jain regarding professional charges for TDS-related services was placed before the General Body for consideration.

As per the proposal, the professional charges would be ₹24,000/- plus GST as applicable, covering the following services:

- TDS Consultancy
- Preparation of TDS Returns
- Filing of TDS Returns

The General Body discussed the matter in detail and, after due deliberation, unanimously approved the proposed professional charges.

The email received from CA Jai Kumar Jain, Partner – Jai Alok & Associates, Chartered Accountants, regarding the professional fee for Audit for FY 2025–26 and filing of Income Tax Return was placed before the General Body.

As per the proposal, the professional fee would be ₹40,000/- plus GST as applicable. It was noted that the fee has been reduced considering lesser consolidation work of IOACON, though such work is still required to be undertaken.

The matter was discussed in detail, and after due deliberation, the General Body unanimously approved the proposed professional charges.

8. **Editor Report** Dr. Deepak Kumar presented the Editor Report which was passed by a voice vote. The Editor Report is attached as Enclosure-II.

9. **Fellowship Report** Dr. Amit Jaiswal presented the Fellowship Report which was passed by a voice vote.

10. **Research Grant of UPOA** Research grant was awarded to Dr. Mayank Mahendra, Lucknow.

Dr. Jamal Ashraf raised queries regarding the Research Grant, specifically:

1. The duration for which the research grant is awarded and clarification on how many of the funded research projects are ultimately published. He emphasized the need to establish publication as an important evaluation criterion for the grant.

2. He further pointed out that since the current research proposal is based on a questionnaire, clarification may be required on whether the grant funds can be utilized for questionnaire-based studies.

Dr. Amit Jaiswal clarified that the matter had already been discussed and approved by the Executive Committee (EC), and the proposal stands passed as per EC decision.

The Executive Committee recommended that a grant of up to Rs. 50,000 be sanctioned after reviewing the cost estimate and synopsis. The same was placed before the General Body Meeting and was approved.

11. **Report of City Club Awards** Dr. Amit Jaiswal Presented the Report of City Club Awards 2025-26 and was passed by a voice vote. The City Club Awards Report 2025-26 is Enclosure- III.

The Executive Committee recommended that the UPOA Constitution be amended on several points, including the **City Club Award criteria, Restructuring of UPOA Events, Inclusion of Workshops, Initiation of Cadaveric Courses, Contribution from UPOA Official Events, and Formulation of Guidelines for Awards.**

All the above points were discussed and unanimously passed by the house.

Further Discussion:

● Dr. Piyush Kumar Misra requested the house to suggest names for forming a committee for the Constitution Amendment.

- Dr. Sanjay Chaturvedi informed that a Constitution Committee already exists within UPOA.
- Dr. Sanjay Dhawan mentioned that constitution amendments had been carried out earlier as well and suggested that members from the previous committee, who had significantly contributed, should be included again. He proposed names including Dr. S.C. Goel, Dr. Jamal Ashraf, and Dr. Ashok Vij, and also suggested that 1–2 additional members may be included if required.
- It was informed to the house that Dr. Jamal Ashraf was not willing to continue in the committee. In his place, Dr. Dharendra Singh was included.
- Dr. Piyush Kumar Misra informed the formation/continuation of the Constitution Committee with the following members:
 - Dr. S.C. Goel
 - Dr. Ashok Vij
 - Dr. Dharendra Singh

The proposal was put to the house and unanimously passed.

12. Report of Various UPOA Courses 2025-26 Dr. Amit Jaiswal Presented the Report of Various UPOA Courses 2025-26 and was passed with a voice vote.

□ **UPOA Arthroplasty Course**

- Dr. Amit Jaiswal presented the Audit Report of the UPOA Arthroplasty Course. He informed the house that:
 - Total Collection: ₹13,73,078
 - Contribution to UPOA: ₹31,437 (approximately 2.5%)

Discussion:

- The Executive Committee (EC) noted that the contribution was below the mandated 8% of total collection. It was initially recommended that organizers who fail to contribute 8% may not be permitted to conduct UPOA events for a period of 5 years.
- Dr. Piyush Kumar Misra emphasized that the contribution in this case was only about 2.5%, and reiterated that a minimum contribution of 8% should be mandatory. He suggested that events should not be allotted to those who fail to comply.
- Dr. S.C. Goel highlighted that such issues arise due to lack of proper budgeting. He suggested that all organizing committees should plan their budgets in advance, ensuring that 8% contribution to UPOA is treated as a primary expense. He also stressed the importance of maintaining proper records, including the number of delegates.
- Dr. Atul Srivastava suggested that such courses and related policies may be revisited under the Constitution Amendment process.

- Dr. Ashok Vij explained that for any event, budgeting should be done in advance, factoring in mandatory contributions (e.g., 8% to UPOA and other applicable contributions), so that expenditures are planned accordingly.
- Dr. Dharendra Singh clarified that the intention is not to impose punishment, but to ensure compliance in a reasonable and structured manner.
- Dr. Jamal Ashraf pointed out that the 8% contribution rule is part of the Constitution, and any changes must be made through proper constitutional amendment. He emphasized that office bearers are bound to follow the Constitution and cannot override it through suggestions.
- Dr. Sanjay Dhawan reiterated that adherence to the Constitution is mandatory and the 8% contribution rule must be strictly followed.

Conclusion:

It was concluded that the mandatory contribution of 8% of total collection to UPOA must be strictly followed as per the Constitution. Non-compliance will result in restriction on conducting UPOA events until the required contribution is duly paid (instead of a fixed 5-year restriction).

□ UPOA Mid Term Symposium (MTS)

It was noted that no contribution was received from the UPOA Mid Term Symposium.

Discussion:

- Dr. Maneeshi Bansal informed that the MTS was organized by the Prayagraj Orthopaedic Association, where:
 - No sponsorship funds were accepted.
 - Only limited registration charges were collected (mainly from free paper sessions).
 - Expenses such as faculty hospitality were managed independently.
 - Due to restrictions in a medical college setup (including limited involvement of pharma companies), organizing such an event without sponsorship was a conscious decision.
 - He assured that if any contribution is applicable, they are willing to comply, but raised the concern of how to calculate 8% in absence of significant revenue.
- Dr. Santosh Singh explained that this was a different situation, as the organizers had not accepted any sponsorship, resulting in no significant collection.
- Dr. S.C. Goel stated that in such cases, prior permission from UPOA should be taken if the organizers decide not to accept funds and consequently not to contribute.
- Dr. Jamal Ashraf shared his experience from previous UPOA Trauma Courses, stating that such events generally generate substantial surplus, and expressed concern over the absence of savings in this case.
- Dr. Sanjay Chaturvedi appreciated the organizers for conducting the symposium without sponsorship support, and encouraged similar initiatives, especially in medical colleges.

- Dr. Santosh Singh raised the need for clarity on audited reports, particularly for major UPOA events like MTS and UPORTHOCON, and how such reports should be prepared in cases with minimal or no revenue.
- Dr. Dharendra Singh clarified that events are allotted to city clubs, not individuals, and therefore the city as a whole is responsible for compliance. He further mentioned that even if the event is conducted in a medical college, city-level coordination should allow for sponsorships or alternative arrangements where feasible.
- Dr. Sanjay Chaturvedi reiterated that:
 - Not taking sponsorship is not a fault.
 - Contributions or support received from institutional sources (e.g., medical colleges or university authorities) should not be treated as commercial sponsorship.
 - Such academic initiatives should be appreciated and encouraged.
- Dr. Atul Srivastava concluded that the matter falls under Constitution Amendment considerations, and the discussion should be aligned with broader policy decisions, including:
 - Mandatory 8% contribution rule
 - Applicability to all members/events
 - Special situations like the present case should be properly documented in reports

Conclusion:

It was concluded that:

- The 8% contribution rule remains applicable as per the Constitution.
- In exceptional cases like MTS (with minimal or no revenue), complete financial details must be clearly documented in the audited report.
- The matter will be further addressed under Constitution Amendment guidelines, taking into account such special scenarios.

The list was placed for approval and was ratified by the General Body through a voice vote. With this ratification, the Life Membership of UPOA stands approved up to LM No. 2339.

The Executive Committee (EC) recommended that the membership fee for Associate Members may be increased and that provisions be made to upgrade Associate Membership to Permanent Membership. It was further proposed that upon completion of postgraduate training, Associate Members should be automatically converted to Permanent Members.

The matter was placed before the House, wherein it was clarified that such provisions are not permitted under the existing Constitution.

Hence, the proposal could not be implemented without appropriate amendments to the Constitution.

Dr Amit Jaiswal – Secretary UPOA

Dear Sirs,

Greetings from Lucknow Orthopaedic Society(LOS)

As you are aware, we the members of the Lucknow Orthopaedic Society conducted IOACON 2023 (with UPOA being the official host Chapter)

Inspite of conducting a memorable conference and contributing Rs 1.7 crore to the UPOA, we are dismayed that Dr Sanjay Chaturvedi has been indulging a mis-information campaign against us. His allegation are baseless and carry no ground as all the audit process has been done by the auditors appointed by the IOA.

The LOS membership feels disheartened to see such a false narrative is being spread on different platforms. More so, since the UPOA leadership did not once categorically and officially refute the false charges levelled by Dr Chaturvedi.

Kindly find attached the official and unanimous stand of the LOS executive committee.

Please consider this as member's letter to UPOA and put this in GBM in coming UPORTHOCON 2026 Agra for resolution of the matter.

Thanks and regards

Sanjiv

PROPOSAL

Proposed Cost-Cutting Measures

Reduction in Number of Printed Copies:

Currently, 150 copies of each issue are printed. It is proposed to reduce this number to 100 copies per issue. This will significantly decrease expenses.

EC recommended that:

Since publisher is helping in procuring advertisement at the cost of 30% from advertisement collection we should sign an MOU with the publisher.

For cost cutting we should print only 100 copies

WK - Medknow Management: Thank you for the information. Please note that your actual consumption of copies and pages can always vary from RRR. Our Accounts team will always bill you based on your actual consumption of copies and pages only. However, please note that for printing the no. of copies will not have major impact on costing. Reduced circulation figures will result in lower printing expenses for every issue published. The major portion of the cost is related to the paper and not copies. So you may consider reducing pages also to save margin in paper cost. We will still work out the quotation for 50 copies and 100 copies and will share with you.

Item	Color Pages	B/W Pages	Copies	Estimated Cost (INR)
With reference to the MOU	0	50	50	1,64,000
	0	50	100	2,21,000
With reference to the last issue published	0	50	50	1,64,000
	0	50	100	2,21,000

Increasing the Income of the Journal

1. Advertisement of the Journal through Social Media WhatsApp & Facebook :

- Circulate digital posters, call-for-paper notices, and issue highlights regularly through official WhatsApp groups of faculty, residents, and academic networks.
- Promote the journal through dedicated Facebook pages and professional groups to increase Visibility
- Quiz competitions

Expected Outcome :

- Increased visibility and academic participation from all medical colleges in UP and beyond.
- Diversified and enhanced revenue streams.
- Improved quality and quantity of manuscript submissions.
- Strengthened reputation and sustainability of the journal.
